Objective

As an enthusiastic individual with a background in Software Development and e-Governance, I possess strong programming skills and a keen interest in exploring new technologies. My commitment to learning is evident through certifications in CCA, C++, Python, and Artificial Intelligence. I am eager to apply and expand my skills in a dynamic environment.

Education

B.Voc in Software Development & e-Governance

National P.G. College, Lucknow

Graduation Year: 2025

Class 12 (Humanities)

Study Hall, Lucknow

Graduation Year: 2022

Class 10

NIOS

Graduation Year: 2020

Experience

1. Intern – Achme Digitek Solutions (P) Ltd

Duration: 14 June – 27 August 2024

- Developed a student registration form using C# with SQL connectivity, enabling secure data storage and management.
- Assisted with integrating MySQL Server for seamless database connectivity.
- Gained hands-on experience with Visual Studio 2019 and SQL Server Management Studio.

2. Intern – IBM

Duration: 25 October – 5 November 2024

- Worked on various cybersecurity fundamentals and gained practical insights into the implementation of security measures in software development.
 - Contributed to team discussions and learning modules on cloud computing and AI technologies.
-

Skills

- *Programming:* C++, C#, Python, Java, SQL, Android Studio Development, CSS
 - *Video Editing:* Microsoft Clipchamp, Adobe Premiere Pro (Basic)
 - *System Hardware:* In-depth knowledge of processors, RAM, motherboards, HDDs/SSDs, GPUs, and computer assembly/repairs
-

Certifications

- **IBM Cybersecurity Fundamentals**
IBM SkillsBuild
 - **Artificial Intelligence**
TechDock Labs Seminar, National P.G. College
 - **C# with MySQL Server Integration**
Acme Digitek Solutions (P) Ltd
 - **Python Programming**
Udemy
 - **C++ Programming**
Imaparta Computer Institution, Lucknow
 - **Course in Computer Applications (CCA)**
Imaparta Computer Institution, Lucknow
-

Languages

- Hindi
 - English
-

Projects

1. **C# with SQL Connectivity**

Developed a student registration form with secure data storage using C# and Microsoft SQL Server.

2. **TicTacToe Android Studio Development**

Created an interactive TicTacToe game with responsive design and optimized code in Java.

3. **Java Database Connectivity**

Implemented database connectivity to manage data efficiently for a sample application.
